Supportive Housing Entry Criteria

Individuals who are accepted into the Supportive Housing Program must meet ALL of the following criteria:

- ❑ Eligibility will be determined by referral through the Long Term Care Access Centre

Individuals must:

- ❑ Require some assistance/supervision with activities of daily living (eating, bathing, dressing, and toileting) as long as needs can be met by only one assistant;
- ❑ Ambulate independently; may require adaptive devices e.g. cane or walker;
- ❑ Be continent of bowel and bladder or able to manage supplies on own;
- ❑ Be able to communicate with others to some degree;
- ❑ Demonstrate socially appropriate behavior;
- ❑ Be able to function in a community/group environment;
- ❑ Not present a significant risk to other tenants, the staff or the community;
- ❑ Have a family member or advocate that are in agreement with the philosophy of the program and accept that a move to another suitable location will be necessary when the individual no longer meets the criteria of the Supportive Housing program.
