

**FRED DOUGLAS**  
SOCIETY

Uniting Health, Heart and Home

January 11, 2021

Dear Fred Douglas Resident Families and Loved Ones;

We are happy to announce that at this time, there are no active cases of COVID-19 for both residents and staff. While we have no active cases, we remain in a declared outbreak until cleared by Public Health. I would like to thank all families for their support during this time and for their understanding and cooperation as we worked through our COVID-19 outbreak. Your words of support and appreciation in addition to the many treats received for our staff were very much appreciated.

We continue to share education regarding proper PPE usage and COVID-19 signs to watch for with our staff on a regular basis.

Fred Douglas Lodge residents who consent to a COVID-19 vaccine are scheduled to receive the first dose on February 4<sup>th</sup>. For your information, we have enclosed the following:

- mRNA Vaccine Factsheet
- Vaccine Reaction Factsheet
- Manitoba COVID-19 Immunization Consent Form
- COVID-19 Enhanced Consent Form for PCHs

You are not required to complete and return these consent forms at this time. A member of the nursing staff will reach out to each resident's primary contact to obtain consent and provide further information.

Our internal visitation shelter is nearing completion and we look forward to sharing opening details with you in the next few weeks.

Sincerely,

Roslyn Garofalo  
CEO
