

**FRED DOUGLAS**  
SOCIETY

Uniting Health, Heart and Home

March 4, 2022

Dear Fred Douglas Resident Families, Loved Ones and Visitors;

Effective immediately, fully vaccinated residents (including unvaccinated residents who are COVID-recovered within the past 180 days) will be permitted short term social leaves with fully vaccinated visitors. Visitors are responsible for any and all transportation needs for the social leave.

- Direct travel to the destination and return to facility is recommended to minimize exposure and contacts
- The number of people in the vehicle should be minimized to those considered necessary
- Resident and all occupants of the vehicle must wear a mask
- Physical distancing and masks are required other than for purposes of eating/drinking

Please be advised that our Screeners leave the facility by 6 PM. Anyone returning after 6 PM will need to call extension 106 to enter the facility.

It is recommended that all social leaves be prearranged by contacting the Nurse on the Unit at least 24 hours in advance. This is to ensure any medications are prepared for the duration of the leave.

Overnight stays are not allowed at this time.

We are also happy to advise that hair salon services are resuming on March 8<sup>th</sup>. The hair salon will be open Tuesday-Friday and for the first few weeks will be focused on cuts and sets. Nursing Units are prioritizing residents by need for immediate appointments.

Sincerely,

Roslyn Garofalo, CEO
