

FRED DOUGLAS
SOCIETY

Uniting Health, Heart and Home

September 9, 2022

Dear Fred Douglas Resident Families and Loved Ones,

We continue to identify additional cases of COVID-19. As such, our status is:

Resident COVID Update:

Total Resident Cases:	35
Active:	35
Resolved:	0

All Units are affected: Willow (25), Maple/Elm (5), Evergreen (3), Spruce (1) and Oak (1). Additional swabs have been taken and results are pending.

There is 1 case of RSV on Maple/Elm.

Thanks to vaccinations, the majority of residents who have tested positive are doing well. We continue to monitor all residents by taking regular temperature & O2 level checks, ensuring proper hydration and ensuring activities continue in a safe manner.

A number of staff members (various departments) have been testing positive as well. Staffing has been challenging, but we have managed to fill shifts to ensure resident needs are being met. Families of positive residents are being kept up to date with their loved one's condition.

Visiting continues to be suspended and POD visits are not an option at this time. Virtual visits can be booked by contacting Tatiana Morcilla, tmorcilla@fdl.mb.ca or (204) 586-8541 ext 123.

Thank you for your understanding and patience.

If you have any questions about the status of your loved one, please call the nursing unit.

Thank you,

Roslyn Garofalo
CEO
